Recently, we have given a talk in the webinar "Inclusion: A Cornerstone of Scientific Process" organized by the Association of Chemistry, St. Xavier's College, Mumbai on April 4th, 2021 as part of their Chemistry Festival 'AlChemia 2021'.

The talk included some of our findings from the preliminary analyses of the data collected as part of the project.

The webinar also featured two amazing and inspiring talks by Prof. Prajval Shastri (Indian Institute of Astrophysics) and Dr. Deepa Khushalani (Tata Institute of Fundamental Research).
